SEMINAR INFORMATION

This half day seminar provides important information regarding maintaining compliance with environmental, health and safety regulations.

WHO SHOULD ATTEND?

Anyone responsible for environmental and/or health and safety compliance.

WHAT WILL I LEARN?

Topics presented in the seminar include:

- A review of the RCRA regulations pertinent to small and large quantity generators;
- Evaluating of wastes to comply with RCRA regulations;
- Manifesting wastes;
- An update on OSHA regulations;
- An overview of workplace safety issues and accidents and ways to prevent them;
- A review of hazardous materials transportation regulations from the Public Utilities Commission of Ohio;
- An overview of Toxic Release Inventory (TRI) reporting requirements from Ohio EPA.
