

**“Eggs & Issues” Breakfast Membership Meeting
Wednesday, November 15, 2023 @ 7:45 a.m.
Holiday Inn Independence, Rockside Road/I-77**

What an Employee Assistance Program (EAP) is & How Lifestyle EAP can best support your business and your employees.

- Are you in need of financial, parenting, or legal guidance? Do you struggle with work/life balance? Are you grieving the loss of a loved one? Are you an employer who wants to motivate and improve performance among your team?
- An employee assistance program provides confidential assessment, short-term counseling, and referral services for a wide range of personal and work-related challenges. Services are available at numerous locations, as well as virtually, with day, evening, and Saturday appointments offered. Lifestyle EAP can help with issues including stress, family and marital issues, depression, substance abuse, loss/grief, and financial pressures. We also offer management consultations, leadership seminars, crisis support, and formal management referrals.

Join the Cleveland Clinic’s Director of Wellness Solutions, Amy Gibbs, M.Ed., RD, LD as she explains the benefits and services that Cleveland Clinic Lifestyle EAP can bring to your business and employees.

OAMF Members - \$40 / Non-Members \$45 – no shows will be billed
