

# **Resnick Associates**

## **Business Succession Planning Presentation**

### **Wednesday, August 5<sup>th</sup> at 8am via Zoom**

*"I personally attended the seminar given by the Resnick's at the 2020 NASF Leadership Conference. They provided critical information pertaining to new tax law and much more that is relevant to the future success and sustainability of your business. The August 5<sup>th</sup> webinar should be a 'must attend' for all OAMF business owners! Even if you think you have your planning 'all taken care of' it is prudent to still participate to confirm."*

*Steve Brown, President BroCo Products, Inc.*

**On August 5<sup>th</sup> at 8:00am, Lee and Terry Resnick, keynote presenters at NASF's 2020 Leadership Conference and partners in nationally recognized Resnick Associates will be presenting a critically important webinar on business succession and estate planning. Lee and Terry made a lasting impact with those that attended their session at our 2020 Leadership Conference.**

**Statistically, most privately held business owners are not in the planning position they should be even when they think they are! The results of insufficient or ineffective planning can mean significant taxes that could have legally been avoided, potential loss of the business, and family chaos and conflict.**

**Spouses and Family Members of the Business Owner regardless if they are active in the business are encouraged to attend.**

**Zoom Meeting ID: 932 3917 4415**
